

Coriander Powder

Product Categories: [Spices](#)

Product Page: <http://www.panthiinternational.com/product/coriander-powder/>

Product Descriptions:

Very high in aroma and pungent to taste, coriander powder is made by grinding coriander seeds. There are several process that these seeds undergo before they are finally sent to spice grinders. Keeping that special aroma intact with pungent taste is what we assure about our coriander powder. It is used for specialized recipes to give extra flavor.
